EDMONTON, ALBERTA, WEDNESDAY, APRIL 9, 1952

Municipal District To Pass By-Law For Civil Defence Measures

MEANOOK—At the March meeting of the Municipal District of Athabasca first and second reading was given to By-law No. 237 "Authorizing the Council to provide for civil defence or disaster."

The by-law is as follows:

Whereas the Civil Defence and Disaster Act, being Chapter 10 of the Statutes of Alberta, 1951, provides that under the authority of section 1, subsection (5), the Council of a Municipality which sets up a civil defence organization says:

(a) by by-law approved by the Minister borrow, levy, appropriate and expend, without the consent of the burgesses, such sums as may be required for civil defence disaster purposes;

(b) make contracts, obtain and distribute equipment, materials and supplies for civil defence and disaster purposes;

(c) provide for the health and safety of persons and property and provide emergency assistance to victims of disaster;

(d) employ, with or without compensation, workers required in connection with the plan or program for civil defence or disaster;

(e) utilize employees, property or equipment of the municipality for civil defence or disaster purposes within or without the boundaries of the municipality.

And Whereas the Council of the Municipal District of Athabasca No. 10 has set up a civil defence organization;

Therefore, the Council of the Municipal District of Athabasca No. 10 enacts that the said council is hereby empowered, subject to the approval of the Minister of Municipal Affairs, to borrow, or to levy, or to appropriate and expend without the consent of the proprietary electors, a sum or sums not in excess of an aggregate of Two Thousand Dollars for civil defence and disaster purposes.

This by-law shall come into force and effect on the date of the final passing thereof.

Read a first and second time this 14th day of March, A.D. 1952.

The meeting was attended by Reeve Aloisio, Councillors Parson, Breenridge, Lynk, Derko and LaPorte, and called to order by the Reeve at 11:20 a.m.

Minutes

The minutes of the previous regular meeting of February 14 and 19, 1952, were read to the council by the secretary-treasurer.

Moved by Reeve Aloisio that the minutes of the previous regular meeting of February 14 and 19, 1952, be adopted as read. Carried.

Financial Statement

The financial statement for the month of February, 1952, was

read to the council by the secretary-treasurer, and ordered filed.

Old Hospital

The Reeve reported to the council that the old municipal hospital had been donated to the Sisters of Providence, for a home for the aged and infirm.

Rogers Hay Permit

Moved by Chr. LaPorte that G. D. Rogers be given a permit to cut hay on the S.E. 31-66-22-4, for the year 1952, upon payment of regular dues. Carried.

Phipps Land

W. Phipps interviewed the council re his land, and stated that as soon as he sold his property in the Town of Athabasca, he would use the money and pay up his farm taxes, and redeem the land. He stated the title to his property in the Town of Athabasca was tied up, and he could not get a clear title to it. He also stated that J. V. Evans was handling the deal, and was supposed to have got the title before now.

Moved by Chr. Lynk that the matter of the Phipps land be tabled until the 3rd day of April, 1952, and that the Reeve in the meantime interview Mr. Evans re this case. Carried.

J. Roland

A letter was read from the Edmonton General Hospital re Joseph A. Roland. It stated he was partly paralyzed, and they wanted council to put him in a home, and bear the cost.

Moved by Reeve Aloisio council notify the Edmonton General Hospital that J. A. Roland has never been on relief, is not an indigent, and the council will not accept any responsibility for him. Carried.

Dinner

Moved by Chr. Lynk that the meeting adjourn for dinner at 12:30 p.m. Carried.

The meeting re-convened at 1:30 p.m.

Fred Olson

Moved by Reeve Aloisio that council send a letter of appreciation to ex-Councillor Fred Olson, for services rendered during his term of office as a councillor, stating the council enjoyed working with him, and they always had confidence in his ability and honesty. Carried.

Delegates

A delegation from north of the river, consisting of Messrs. Fezuk, Deren, Williamson, Kodash and Stinsean, interviewed the council, and asked for a road running north for two miles between 4-5:

(Continued on Page 4)

CYO Takes Sleigh Ride

LAC LA BICHE—Recently the CYO went on a sleigh riding party into the country. For the occasion, Mr. Letourneau's horses were used. The weather was very nice for the outing and a good time was had by all.

When they returned from the ride, lunch was served at the rectory by Miss Beatrice Currat, Miss Denise Richard, Miss Georgette Amiot, and Miss Alom Horosko.

LAC LA BICHE NEWS BRIEFS

The "mad" month of March didn't set any spectacular records for 1952. In fact it was more lamb-like than lion. The highest temperature was 49.1 and the lowest temperature reading was -24.8, which occurred on March 2. There were 6.8 inches of snow. This was about average, although last year there were 17.6 inches.

Gabe Rosychuk, agent for the NAR at Flat Bush, visited friends over the week-end.

Ted Mead spent Thursday in the city, he's employed with Hon Drilling.

Mr. and Mrs. Bassette were in the city last week. Mr. Bassette is toolpush for Hon Drilling.

Mr. Sutherland from Salt Lake visited friends over the week end en route to Fort Smith.

Al Selinger went to Regina by plane, just arriving before his father passed away.

Mr. and Mrs. Ernie Shanko and family from Peace River have come to make their home here as Mr. Shanko is employed with Willie Hamilton as mechanic. They are living in Ted Mackriss's home.

The Northern Refrigeration has been in operation since April 1, with Mr. J. Keorner as operator.

Dennis Richard is employed at the Lac la Biche Creamery.

Ted MacKris is employed at the Lac la Biche hotel.

Mr. and Mrs. Jameson and daughter Loraine from Camrose visited friends over the week-end.

If your subscription has expired or if you would like to subscribe, contact your local Editor, Mrs. Tatum, Box 32, or at her residence, the third house up the street from the hospital.

Lac la Biche is to have a new hotel, the construction of which is to begin very soon. Permission has already been granted by the town council.

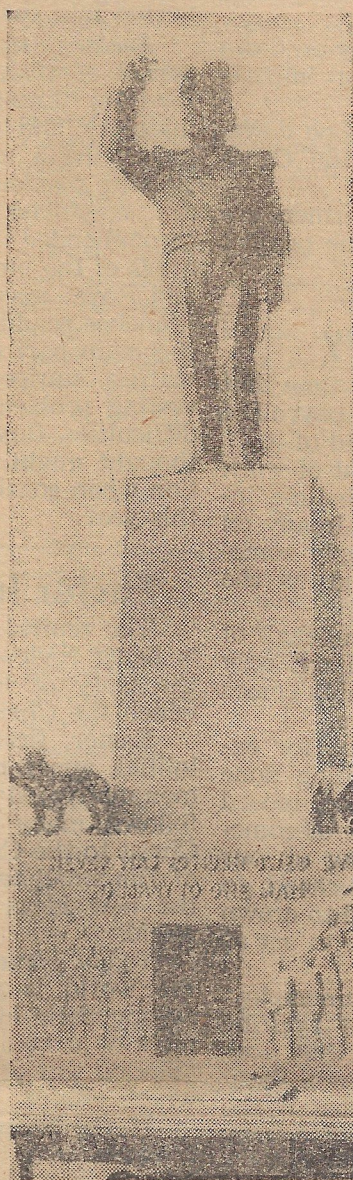

WI Canvasses For Red Cross

LAC LA BICHE—At a regular monthly meeting of the WI held in the X-XI room of the Doctor Swift's School on Monday of last week, it was decided to have a dance soon after Easter.

They also decided to canvass for the Red Cross tag day on Friday and Saturday. Their objective for the town was three hundred dollars.

Teacher Called Home To Saskatchewan

LAC LA BICHE—Mr. A. Selinger, one of the three high school teachers at the Doctor Swift School, was called home to Regina, Saskatchewan, when his father was taken seriously ill on Wednesday of last week. It is not known just how long he will be absent.

This is a model of the proposed Dover Cliffs Memorial to Britain's wartime Prime Minister, Winston Churchill. Charles H. Davis, of Cape Cod, Mass., designed the model and proposed it to 14 mayors along the English channel. He is planning to launch a campaign to raise the \$1,000,000 to \$2,000,000 required for the work.

BRIEREVILLE NEWS BRIEFS

People are wondering if spring is around the corner. But they'd all like to know which one.

Dee Graham is home from the hospital now and is really getting along fine.

Bud Graham had to destroy a couple of his best horses. Apparently they had an overfeed of greenfeed.

Eva Henderson is presently working in Edmonton. She is expected home for the Easter holiday.

Quite a few of the people from this district attended the funeral of the late William Whitford. Mr. Whitford was well known here.

Parish Card Party Well Attended

LAC LA BICHE—The parish card party held in the St. Isidore's Parish Hall on March 30 was very well attended. Around one hundred persons attended.

Winners for the evening were, men's first prize, Mr. Joseph Cagnon; ladies first, Mrs. Octive Chevalney; second, Miss Jean Bourassa. Ladies' consolation, Mrs. Joe Bosse; men's consolation, Melford Plamondon.

In charge were Mesdames. H. Belanger, Napoleon Gauthier. Around \$25.00 was cleared. The ladies in charge wish to thank all that attended for their support.

Amateur Program Held At Heat Lake School

IMPERIAL MILLS—The Heat Lake school was the scene of some novel entertainment for this community when an amateur program and a pie social were held last Saturday. The various actors on the program proved quite talented and very entertaining. The prize-winning acts were: First prize, Ernest Quantil, vocalist; second, Annie Hamelin and Patsy L'Hirondelle, vocal duet; and third, Johnny L'Hirondelle, violin solo.

Following the amateur program, Mr. R. G. Fisher auctioned off the pies, which seemed to be quite in demand by the prices that were paid for them.

An impromptu dance brought the evening to a close and everyone went home after having a very enjoyable time.

The exceedingly warm weather the past few days have brought the winter operations at the sawmill's here to a close. By next week all the camps will be closed and this community will settle down to the quiet tranquility that reigns throughout the summer.

Mr. and Mrs. Urgele Cadieux and daughter, Elaine have moved back to the Siding after spending the winter out at Camp One.

Mr. and Mrs. Emile Balander and son Alfred, have moved back to the Siding after spending the past six weeks out at Camp One where Mr. and Mrs. Balander ran the cookhouse.

Hospital Report

In St. Catherine's Hospital during the week: Mrs. Rudolph Michetti, L.L.B.; Mrs. John Kozakewich, Craigend; Mrs. Joseph Lavallee, Owl River; Bill Pisarewski, Frains; Andy Larose, L.L.B.; Edwin Budney, Frains; Mrs. Eva Ouchar, Hyle; Felix Cardinal, Casla; Henry Inichi, Blue Jay; Mrs. Omer Lamoureux, Normandeau; Mrs. Annie Brodowski, L.L.B.; Miss Annette Rudiger, L.L.B.; Mrs. Joe Ray, L.L.B.; Mrs. Otto Aabak, L.L.B.; Mr. A. Rocheleau, Donnatville.

Born to Mr. and Mrs. Marvin Bowder of Casla a son on March 28.

AURORA THEATRE

Lac la Biche Alberta PRESENTS

Wed. and Thurs., April 9-10—
"PLACE IN THE SUN"

Drama at its best. Starring Montgomery Clift, Shelley Winters and Elizabeth Taylor.
Wednesday and Thursday, 8:30 p.m.

Fri. and Sat., April 11-12—

One day only, but two showings at 7:00 and 9:15.

"Rich, Young and Pretty"
One day only, but three showings at 7:00, 7:30 and 9:15. Starring Jane Powell.

SUNDAY, April 13—
Midnight Preview

"Things From Another World"

Doors open at 11:30
Show commences at 12:05

Mon. and Tues., April 14-15—
"Fighting Father Dunne"

Here's one for the whole family.
Monday and Tuesday, 8:30 p.m.

SHOWN ABOVE are members of Sangudo's famous Oat King Family, who have won provincial, national and international fame for themselves and the Sangudo district. Shown left to right, they are: Mr. Schnurer, Joe, Mrs. Schnurer, Donald, Elizabeth and Tony.

EDITORIALS

On The Down Trend

Prices of most farm products have been on the down trend since the beginning of the year.

The outbreak of foot and mouth disease in Saskatchewan "played hob" with meat prices.

The prices of eggs and other poultry have dropped.

The price of dairy products may go down because of U.S. embargo against imports from Canada.

Even the price of wheat has gone down, due to the rise in the value of the Canadian dollar.

All this means that Canadian farmers are taking substantial wage cuts at the present time.

All Work — No Pay

Frankly, we feel it's just about time that Ottawa started contributing to the payroll of our staff, particularly the office end of it.

As a matter of fact, the amount of work done for the government, and the time involved, makes us feel that we're already on the government's payroll; it's simply someone has merely forgotten to send us the weekly cheque.

Many, many hours are spent on behalf of the government each month, and not only do we not get paid for it, it invariably comes out that we have to pay them more.

There's the matter of sales tax, for example. Nearly every bit of printing done requires sales tax. We figure it out, record it, take the dirty looks as a result of someone being asked to pay it, and use up our cheques and our stamps, and letterhead, to send the money in to Ottawa. And to crown it all, we have to pay for a license to act as Ottawa's collecting agency.

Then there's the matter of unemployment insurance and the hours of figuring and stamp-licking and what-not that goes into that. No thanks, mind you, or a slight cut for our efforts. Merely a blast if the thing isn't done correctly. And, of course, there's income tax, and innumerable reports required now and then.

Our staff is probably doing all this because the paid civil servants are now working on a 35-hour week, or is it 30? We'd like that, too — before we qualify for that new pension that begins for everyone at 70 — if we make it.

Why Not, Ladies?

It is some thirty-five years since Canadian women first voted in a federal election. During the years that the ladies fought for the franchise their leaders promised great things for the nation if the women received the right to vote. That promise, somehow, has not been fulfilled.

Women have not taken the part in local, provincial and federal affairs that they might have. In this country there are several million women . . . few have ever served on municipal councils, on school boards, in the legislature or in parliament. Why?

We think that women should get into public life for they have much good common sense, much organizational ability, much executive ability that the country needs.

Why not women on our school boards and our town and rural councils? There are many ladies in our community who would be real assets to any board or council.

We wonder why the ladies of the nation have not been more active in public life. In their own organizations they do a wonderful job; why should they not focus their abilities on larger spheres of action?

Women are no longer tied to their homes, burdened with housekeeping toil—modern science and invention has released them from that. They have taken their place in business, in industry, in the professions, but to only a minor degree in public life.

The welfare of Canada demands the interest and active participation of women in local and national affairs. How about it, ladies?

A Place For Flax

Farmers are advised by A. M. Wilson, field crops commissioner, Alberta department of agriculture, not to overlook the advantages of flax as a crop during the coming season. Although flax is not a widely grown crop in Alberta, those who are accustomed to its production have found it profitable. No quotas have been established for flax, and it is a crop that is readily converted into cash.

Seeding midway through the normal period of planting wheat is recommended for flax. Later seedings results in late maturity and difficulty is encountered in harvesting a crop of flax that is not well ripened, particularly when combine methods are employed. The Redwing variety is recommended for central and northern areas of the province. In the south, Dakota and Royal may give greater yields. Royal branches readily, however, and even though the main part of the plant may be entirely mature, unripened stems may create harvesting problems. In spite of these minor difficulties, flax is worth growing and some thought might well be given to its production when considering the cropping program this year.

Easter In A World Of Sin

The central story of the Christian world is being reviewed for us these days. It is the story of Easter—the foundation upon which the Christian gospel is based.

Easter, first of all, is the story of the initial, apparent triumph of evil. Powerful men motivated by evil designs—strange bedfellows, many of them—combined to send Christ to the Cross. It looked like the finish of His small team of faithful men, and for the new ideas they were bringing to the world.

Today some groups would tell us that the world is getting better day by day, closing their eyes in ostrich fashion to the facts of a hellish war in Korea and a tormenting war of nerves existing today everywhere else.

If the gospel of Jesus Christ did not triumph over the material world in His day, it has not won the battle to do so today. In fact, Jesus never claimed He was going to reform the world, and today there are plenty of men in high places who would crucify Him again if they had the opportunity.

The Christian Bible says that "Christ Jesus came into the world to save sinners." For the individual soul He gave His life's blood on Calvary's Cross. When wicked hands had put Him to death, they thought they had had the victory. They didn't realize that His kingdom was to be a spiritual kingdom, and not an earthly empire. These men didn't know His power of Resurrection. Hence, the man who had seemed the greatest failure of His day became the greatest success through all ages.

But, from the first to last, the Gospel of Jesus Christ makes its appeal to the individual. He said He did not come to call the righteous, but sinners to repentance. In this world of sin, the sinner who sees the Saviour crucified for him, and believes in the Christian Gospel to save him from his lost condition as a sinner, has secured for himself the Resurrection.

Note and Comment

Despite all the talk of new and fantastic weapons, Canadian soldiers are still squatting in the mud with rifles, killing and getting killed in the same old fashion.

* * * *

Thinking leads a man to knowledge. He may see and hear, and read and learn whatever he pleases, and as much as he pleases; he will never know anything of it, except as he has thought it over . . . By thinking, he has made it the property of his own mind. —Johann Pestalozzi.

The Bible Today:

Hope deferred maketh the heart sick; but when the desire cometh, it is a tree of life. —Proverbs, XIII; 12.

SURFACE RIGHTS AND THE FARMER

By HENRY YOUNG

President, Farmers' Union of Alberta

The question of what compensation the farmer who holds no mineral rights should get from oil companies has been smoldering since 1947. There are some signs now that it may erupt into flame.

Following the discovery of the Leduc Oil Field, the policy of the Oil Companies was to give the farmer practically nothing for land used and inconvenience caused by drilling and all that goes with it. The Oil Companies occupied the area and acted much like the conquering army of a foreign power, with little heed for such rights as farmers still possessed.

This naturally led to fierce resentment and groups were formed in the areas affected to demand a better deal for surface owners. Unfortunately the various local organizations which sprang up did not agree upon a unified policy. There were sporadic demands for a share of the royalties for all surface owners. However one group asked for one per cent while another wanted three per cent and so forth. Lack of agreement prevented progress on this line.

Later a committee from the Leduc field contacted the Farmers' Union and drew up a program which the Union Executive helped them to present to the Provincial Government. Under this program adequate compensation was the main point stressed. There was also an alternative under which a farmer could take cash settlement for his whole quarter section if he wished to. These two points are still the basis of the Farmers' Union demand on this question.

Following the pressure brought upon the Government by the Union, the Board of Arbitration which had been set up by the Provincial Government began to adopt a much more liberal policy toward the farmer, and awards were made which went some distance towards meeting their demands. However the request for a cash settlement as an alternative has never been conceded.

For the last two years the F. U. A. has urged this policy upon the Government. We have been

met with the argument that the Board of Arbitration was giving farmers all that was coming to them and that the farmers were satisfied with the present setup. Since the majority of Alberta farmers do not belong to any organization the Government naturally infers this.

Now as the oilfields are being extended people are beginning to realize the fabulous profits which are accruing to oil companies from each good well. Some estimators have placed this as high as two million dollars per well in a good field. Naturally the demand for a better deal for surface owners is showing signs of revival.

Word has just reached us of the organization of a Surface Rights Association in the Falun area. Others may follow. If they do it is to be hoped that this time they will get together and work out a basis of demands on which they will all agree and which will suit farmers generally. So far there has been no suggestion of anything different from what is embodied in our program. However what is needed is some clear definition of what "Adequate Compensation" is.

The Farmers' Union of Alberta is certainly prepared to co-operate to the full with surface rights groups to obtain a better deal for farmers. At the same time it is well to point out that for the purpose of getting action from the Government what is needed is an organization representing a majority of farmers of Alberta. This can be achieved through strengthening the unions and all farmers interested in a better deal on surface rights should get into the union even if they also belong to a Surface Rights Group. Since only the oil development areas are directly concerned with this particular question, they will need the backing of a province-wide organization to get results. The situation calls for close co-operation in the interests of all concerned.

Voice of the People

BOOZE AND THE PRINTER

Out in Missouri a farmer gave a printing office an order for sale bills. The job was promised for June 30th. The date being the last day before the prolonged drought started.

The printer decided to take a few drinks. He took several. Then he happened to remember the bills that were promised for delivery that day and staggered to the office to get out the job.

The farmer called for the bills, paid for them, and took them home. Next day he started to put them up, and this is what he read when he came to the list of articles for sale:

Twenty-five cows broke to work; 41 head of cultivators coming in soon; 10 head of shovelling boards with scoops at side; 8 piano mares; 120 rods canvas belting, better than new; De Laval cow with ice cream attachment; McCormick binder in foal; Poland chine bobsled due to farrow in April; 14 head of chickens with grass seed attachments, in good working order; 2 J. I. Case riding heifers, good as new; spraying outfit, can be ridden by children; 15 Billy goats, 70 bushels capacity with spraying nozzle and other attachments. Many other articles too numerous to mention, which I expect to get at night between now and date of sale.

ROBERT LEE.

HURRY, SAYS ED

Hurry, folks, and try one of the new Social Credit doughnuts I've just invented! Twice as much hole for your money.

ED ANDERSON.

FREEDOM FOR HEALTH

Re. letter of E. Dixon, I not only heard Mr. Ross's broadcast but also inspired that ill-considered masterpiece by writing a one man's viewpoint and sending it to him. In my fight against certain cooking utensils I am not offering anything for sale, not even folders. I am just so happy that we regained our health that I want to tell everybody.

We have small groups of experimenters from coast to coast and the results of their experiments will spread by the grapevine telegraph, in spite of suppression by the press.

Our Ontario group is headed by a man who killed his cat with some soup he cooked and left standing in aluminum for two or three days.

I. WOODWARD.

Boyle, Alta.

ANY ADVICE, GENTS?

I have always written faithfully to my boy friend in the service. But he's about to go overseas, and the thought of not seeing him, plus the talk of all the pretty girls on the other side, has me worried. Maybe some of the fellows can give me the real lowdown on what's with those girls. Shall I tear my hair out worrying, or is this fear just silly?

BEWILDERED GAL.

HAPPY WITH ERNIE

I don't know what to think of any true Albertan who votes any other way but Social Credit. I'll stick my ballot in for S.C. any day—whether the wealthy oil companies pay into the party funds or not. Ernest Manning is the best Premier this, or any other province, ever had, bar none.

THE LIGHTER SIDE

New Problem For Dairymen
 "Do you keep any calves?" the new city mother inquired anxiously of the milkman.
 "Why, yes, ma'am, I do," was the reply.
 "Ah, good!" the young mother heaved a sigh of relief. "Then please bring me a pint of calf's milk every day. I'm afraid cow's milk is a little too strong for my baby."

Frank
 Father: "My boy, I never kissed a girl until I met your mother. Will you be able to say the same thing to your son?"
 Junior: "Yes, Dad. But not with such a straight face."

Careless Man
 "Who broke your window, Mrs. Johnson?"
 "My husband, dear. He ducked."

Cud Be!
 A city girl visited the farm for the first time and was fascinated by the cows. She stood for a long time watching them chew and then exclaimed: "It seems to keep them contentedly, but doesn't it cost a lot of money to provide chewing gum for all those cows?"

Used To It
 "Just why do you want a married man to work for you, rather than a bachelor?" asked the curious friend.
 "Well," sighed the employer, "the married men don't get so upset if I yell at them."

Rare Jewel
 Pete: "I'm going to get a divorce. My wife hasn't spoken to me in six months."
 Al: "Better think twice. Wives like that are hard to find."

Virtue's Reward
 "You did me a favor ten years ago," said the old tramp, "and I never forgot it."
 "Oh," replied the good man, very pleased with himself, "and you have come back after all these years to repay me?"
 "Well, no," said the tramp, "I just got into town and need another favor. So I thought of you right away."

Just Torn
 Salesman—"These are especially strong shirts, madam. They simply laugh at the laundry."
 Customer—"I know that kind, I had some which came back with their sides split."

Stinks
 A drunk lying on the floor of a bar began to show signs of life, so one of the customers smeared a little hamburger cheese on his upper lip. The drunk arose slowly and walked out of the door. In a few minutes he came back in. Then he went out again only to return in a few more minutes.
 Shaking his head with disgust, he said: "It's no use, the whole world stinks."

Cancer Curbs Seen In 7 Danger Signs
 About 16 thousand Canadians died of cancer last year—and more than five thousand of these deaths were needless.
 The lives were forfeited to ignorance or delay, according to the Canadian Cancer Society. Successful management of cancer begins with the patient, the Society says, since the disease must be found in an early stage for treatment to be effective.
 An important part of the Cancer Society programme consists of teaching the public cancer's seven danger signals. They are:
 1. Any sore that does not heal.
 2. A lump or thickening in the breast or elsewhere.
 3. Unusual bleeding or discharge.
 4. Any change in a wart or mole.
 5. Persistent indigestion or difficulty in swallowing.
 6. Persistent hoarseness or cough.
 7. Any change in normal bowel habits.
 The appearance of any of these symptoms does not mean, of course, that cancer is invariably present, but a doctor should be consulted immediately. Since untreated cancer always spreads, delay is serious.
 This year the Canadian Cancer Society hopes to reach every Canadian home with its life saving information about cancer. The funds that support this public education programme are provided by gifts to the Cancer Crusade.

Sports Weekly
 EDMONTON—A weekly tabloid newspaper devoted exclusively to sports has been launched here. "Sports Week," published by Raymond Argyle and Harold Miloff is being distributed on a province-wide basis and maintains correspondents throughout Alberta. Mr. Argyle is the former managing editor of the Edmonton Sun.

\$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each child's saying printed. To qualify, items must be true, personal remarks of a child known to the writer. Address "Bright Sayings", P.O. Box 4368, South Edmonton.

While helping my brother with his arithmetic I came across this question: "According to the last question, how many gallons of milk did Farmer Brown produce?" "That's easy," I said. "The answer is 106 gallons." "No," answered my brother, "the answer is none. Farmer Brown didn't produce the milk... the cow did!" A. G. M. Duffield, Atal.

When putting on our screen door last summer, our three-year-old son asked why we were doing it. We told him to keep the flies out. So after some time he was playing outside and, wanting to come in, called "Mummy, open the fly door, I want to come in." R.M.A.K. Ardrossan.

Little Ray was given a candy for each time he made the sign of the cross in the correct form. Holding the candy in his right hand, he made the sign of the cross with his left, asking: "It don't make any difference which hand you use, does it?" M. C. M. Nestow, Alta.

Our little girl had her own original names for birds. She called woodpeckers "side way birds," and chickadees, "see you birds." One day my husband and I were talking about the sea gulls and she said: "Do you mean those 'goggle-eyed birds'?"

MUNICIPAL DISTRICT TO PASS BY-LAW FOR CIVIL DEFENCE MEASURES

(Continued from Page 1)

8-9-68-22-4. The Reeve stated it was a matter for the new councillor to consider, and they should come to the next council meeting.

Frains Road

Nine delegates from Frains interviewed the council and asked for a road in 66-17-4 and 66-12-4, a total of 12½ miles. They presented a petition in support of same.

Athabasca Library

Moved by Reeve Aloisio that council give a grant of \$25.00 to the Athabasca Library. Carried.

By-Law No. 235

By-law No. 235 of The Municipal District of Athabasca No. 103. Under the authority of Section 255 of The Municipal District Act, the Council of The Municipal District of Athabasca No. 103, enacts as follows:

That a grant be made in the sum of \$25.00 to The Athabasca Library Board, for the year 1952.

Received first and second reading, and by unanimous consent of all the councillors present, a third reading, and finally passed this 13th day of March, A.D. 1952.

Nimko Store

Moved by Ctr. Breckenridge that Alex Nimko be authorized to operate a general merchandise store in the Hamlet of Meanook. Carried.

Health Unit

The secretary was instructed by the council to inform the Athabasca Home and School Association that we are in the process of forming a health unit which would make examinations of school children, as suggested in their letter.

By-Law No. 236

Moved by Ctr. Lynk that council expropriate land for a road diversion through the N.W. 17-66-24-4 and the S.W. 20-66-24-4, and that we offer the owners of the land 2½ times the assessed value, as compensation for the land taken and for damages. Carried.

By-law No. 236 of The Municipal District of Athabasca No. 103. A by-law under the provisions of Section 201 of The Municipal District Act.

Whereas It Is Deemed Necessary that a road be built through the N.W. 17-66-24-4 and the S.W. 20-66-24-4,

And Whereas such road will necessarily cross private property, namely the N.W. 17-66-24-4 and the S.W. 20-66-24-4, therefore:

Be It Resolved that such land be acquired under Section 201 of The Municipal District Act, for the purposes hereinbefore mentioned, and that we offer the owners of the said lands as compensation for the land taken, and for damages, a sum equal to 2½ times the assessed value of the land.

Received first and second reading and by unanimous consent of all the councillors presently the third reading, and finally passed this 13th day of March, A.D. 1952.

Grassland Nurses Home

Moved by Ctr. Derko that the Municipal District rent the nurses' home in Grassland, from the Grassland Community League, for the sum of \$1.00 per year. Carried.

Boyle Nurse

G. Bolton and S. Alexander interviewed the council re getting a nurse for the Hamlet of Boyle. They stated they had purchased a school building and it would cost around \$400 to move it from the school site into Boyle. The basement was already dug, but the cement was not poured. It is 26'x28' in size, and Miss Fitzsimmons gave Mr. Bolton a plan how to lay out the rooms. Mr. Bolton suggested that the Grassland nurse look after Boyle until such time as they are ready for the nurse, which is thought would be about October 1st, 1952, or maybe later, when the house is finished.

Health Unit

The health unit discussion was

held over to the April meeting.

Newspaper

Mr. Pue, of Community Publications, interviewed the council, re the weekly newspaper. He stated if the school division board would send in copies of each monthly school meeting to be printed in the paper, he would give them free advertising. He also requested copies of the monthly meetings of the Athabasca Municipal Hospital, and the Agricultural Service Board.

New Road

Moved by Ctr. Lynk that council endorse the petition as presented, re a new road from West of Ferryvale, to a point nine miles West of Athabasca. Carried.

Aljourn

Moved by Ctr. LaPorte that the meeting adjourn at 6:30 p.m. until 10:00 a.m. tomorrow. Carried.

Friday, March 14, 1952

The meeting was called to order by the Reeve at 10:30 a.m. Present were Reeve Aloisio, Councillors Parson, Breckenridge, Lynk, Derko and LaPorte.

Meanook Power

A letter was read from Northland Utilities stating they would extend the electric power lines to the Hamlet of Meanook, if the municipal district would guarantee the cost of the distribution system in Meanook, of approx. \$1,000.

Moved by Ctr. Breckenridge that council guarantee Northland Utilities Co. the cost of the power distribution system in the Hamlet of Meanook, of approximately \$1,000. Carried.

R. Legall, Road Plowed

Moved by Reeve Aloisio we notify the Dept. of Municipal Affairs, re their letter from R. Legall, of Atmore, that council have never heard of him before, but they have now given orders to have his road snowplowed. Pointing out to the Department that he is the only man on this trail, and that these three townships have only just come into the municipal district in 1951, and there are no roads in these parts, just trails, and it will take some time to build roads, and also that this man and others in these three townships never have had their roads snowplowed before, as when they were in the local improvement district their roads were never plowed. Carried.

O. Poulin Power Supply

Moved by Ctr. Derko that O. Poulin of Atmore be authorized to supply electric power for the Hamlet of Atmore. Carried.

Assessment On Improvements

Moved by Reeve Aloisio that this council concur in the resolution as submitted by Springbank M.D. regarding assessment of

farm buildings under Section 5 of The Assessment Act. Carried.

Road Engineer

The matter of hiring an engineer to supervise road building in the municipal district, was brought up by the Reeve, and discussed by the council. It was decided the time was not yet ripe to hire an engineer, one reason being lots of ratepayers do not yet have a road out, and there is a possibility of the district going into a county in a short time, and the council consider that would be an opportune time to start with an engineer.

Delegates

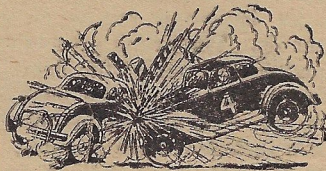

Moved by Ctr. Lynk that the Reeve and Deputy Reeve be delegated to go to Edmonton to interview the Minister of Public Works, re distribution of the 1952 road grant, and the Minister of Municipal Affairs re civil defence. Carried unanimously.

P.F.A. Letter

The secretary was instructed to mail the letter received from the P.F.A. re renters to Mr. Pue, to be printed in the municipal newspaper.

Civil Defence

Moved by Reeve Aloisio we pass a by-law for civil defence, and appropriate the sum of \$2,000 for this purpose. Carried.

Dinner

Moved by Ctr. LaPorte that the meeting adjourn for dinner at 12:20 p.m. Carried.

Meeting re-convened at 1:10 p.m.

Lease

Moved by Reeve Aloisio that council lease 21.9 acres on L.S. 4-5 14-67-21-4, for recreational purposes. Carried.

Nazaruk Land

Moved by Reeve Aloisio we write to P. Nazaruk and ask if he wishes to redeem the N.E. 28-65-24-4, as council have an offer to purchase. Carried.

Doren

Moved by Ctr. LaPorte that council pay Mrs. N. Nellott the sum of \$50 per month for the care of Mrs. J. Doren. Carried.

Walli Sale

Moved by Reeve Aloisio that

council sell the S.W. 31-63-22-4 to C. Walli, and accept a title to the N.W. 30-63-22-4 in exchange for it. Carried.

Service Board

Moved by Ctr. LaPorte that the following be the members of the concert. A packed hall witnessed Agricultural Service Board for the year 1952: G. Godel, V. Breckenridge, N. Derko, A. Hogland and Clyde Olson. Carried.

Ted Ball Prize

Moved by Ctr. Breckenridge that council congratulate Ted Ball of Colinton on winning an award in the national barley contest. Carried.

V. Barlow Signs

Moved by Ctr. Lynk that council give Verne Barlow permission to put up cattle crossing signs on L.L. 18-19-66-24-4. Carried.

SPRUCE VALLEY NEWS BRIEFS

On Saturday, March 29, a

Ukrainian concert is honor of Taras Shewchenko was held in the district hall. The concert was displayed by the young and older people (Ukrainian) of this and surrounding districts. Those who took part in the concert were very colorfully dressed in Ukrainian costumes. Mr. W. Harasym from Edmonton told the audience what Taras Shewchenko means to all the young Ukrainian Canadian people today. He also congratulated the young folk here in their participation in the celebration of Taras Shewchenko. Although the roads were muddy, the hall was packed.

On Sunday, March 30, a district conference AUUC was held in the district hall. Reports were given by Mr. G. Solomon, provincial secretary, AUUC in Alberta, and Mr. W. Harasym, western Canada youth organizer. Questions, discussions and proposals were made. At night a Ukrainian show was held.

Roddy and Gerry Page returned to the city on Friday in company with their aunt, Mrs. Lillian McKenzie.

Lem McKenzie and family have returned to their home at Wandering River, after spending the winter at Ben McKenzie's.

It has been reported that there will soon be a direct telephone line between Athabasca and Lac la Biche. A great improvement in service should result.

A giant Douglas fir tree recently felled on Vancouver Island for lumber had a circumference of 15 feet, was 1,106 years old, and must have been a large tree when the Magna Charta was signed in 1215.

LETTERS TO LOUISA

Dear Louisa—My husband and I quarrel continually and as we have only one child, both of us try to get him on our side. He has become very nervous and I wonder if our behavior has had anything to do with it. Do you think it would be better for us to separate? You are always writing that a child needs both his father and mother but what do you think of this situation?

PUZZLED WIFE.

Answer:

A child does need both his father and mother and the greatest thing they can give him is a deep sense of security which comes from a harmonious home. If he has the feeling that no matter what happens elsewhere his home is a fortress into which he can always come and find sympathy, understanding and safety, he will be possessed of something invaluable.

It is impossible for him to have this feeling if his home is one of continual friction and bickering. He never knows what to expect from day to day and his sense of security is lost.

But you are doing a terrible thing to your child when you bring him into your quarrel and try to make him choose between the two people he loves most in the world. It is a wonder that he is not a nervous wreck by now.

The trouble with you and your husband is that you are just plain selfish. You put yourselves first and your child last. You are so much more concerned with your own selves than you are about what is happening to him. Just so that you can work off that bad mood, have the last word or make some mean come-back you do so regardless of the consequences.

Why don't you and your husband learn to control yourselves? We can't help it if some people irritate us but we can refrain

from having a row. It takes two people to have a quarrel you know. Both of you should talk this matter over. If your disagreements come from some important issue, you should have an understanding about it and settle it once for all. If they come from trivial matters, make a bargain never to bicker about them before your child and never never belittle each other to that child. If you don't think your husband is such a fine character, let your child find it out for himself, but do everything in your power to let him think he is all right. It is better for him that way.

If you will stop being critical of each other and try to find some things to praise and admire in each other, you may discover that you are still in love with each other.

Sincerely,
LOUISA.

Advertiser Runs Every Week For 46 Years

Twenty-three years ago The Colorado Editor ran a story about the ideal advertiser who had run advertising every week since 1905 in the Steamboat Springs (Colo.) Steamboat Pilot, always paid in advance, always had copy in well ahead of time and regularly budgeted 1 per cent of gross sales to advertising.

The advertiser was F. M. Light & Son, Clothiers.

A recent check-up with Maurice Leckenby, publisher of the Pilot, shows that the record has continued unbroken—the store still has not missed an issue since 1905.

Calling the clothier's advertising "the kind that all newspapermen dream about but few ever find," Mr. Leckenby wrote:

"The store had a modest beginning in 1905 when Steamboat Springs was a town of a few hundred population and the country was in its pioneer stages, without a railroad and very few roads, F. M. Light came to Steamboat for his health from Ohio, where he had been a school teacher. His small clothing store had a perilous time for a few years but Mr. Light stuck with his advertising and was constantly telling northwestern Colorado about the advantages of trading at his store.

"Today it is a store that is known far beyond the borders of Steamboat Springs and Routt county. Light keeps the post office busy sending Levis, Stetsons, saddles, cowboy equipment, Western togs as well as standard men's wear to several states. Using his Pilot advertising to get a foothold at home, Mr. Light and his sons constantly kept expanding and letting more and more people know about Light's, a truly Western store.

"It is a small store in a small town in Colorado, but it has a gross income that would make many city stores envious. The Light sons do not tell their business, but it is estimated the store takes in a quarter of a million dollars a year.

"It is a successful business because advertising has been given its proper place and coupled with fair dealing on a strictly cash basis and a thorough knowledge of the wear that a Western man wants, it has and will continue to grow."

\$250,000 For Station

CALGARY—Albertan Publishing Co. Ltd. has disposed of radio station CKXL to a local group headed by Fred R. Shaw and Cecil E. Chester. Max Bell publisher of the Alberta said the station was sold for \$250,000.

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, items must be true, personal incidents. Address "Embarrassing Moments", P.O. Box 4368, South Edmonton.

"Oh, what a surprise this is!" I exclaimed, walking in on a bridal shower given for me. Then, without thinking, I asked "Where is my sister? She said she would be here."

C.B.

One day my sister and I were playing outside and suddenly I heard a voice calling to me. Thinking it was my sister, I said, "You silly fool you" and, turning around, I saw my friend from the city. Was I ever embarrassed—

MARION BATEY.

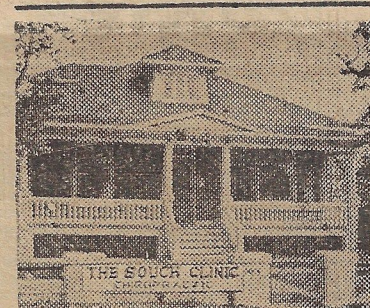

Tawatinaw.

I went shopping with my mother and sister, and walked along the sidewalk ahead of them. I was wondering about my appearance and called back "How does my hair look?" Not immediately getting a reply, I turned around—and looked right into the face of a strange man directly behind me! My mother and sister, who had fallen behind in the crowd, saw my predicament and laughed at my embarrassment.

Warspite. MRS. A. S.

Once when attending public school, my girl friend, who had a grudge against the teacher, said to me during recess: "Boy, I wish I could get my hands on her." Just then the teacher walked in and said "You two wanted to see me?" We were both sure embarrassed!

ATMORE NEWS BRIEFS

Mr. E. Boudreau returned from the bush after making lumber all winter. Mr. John Neigle has also returned from the mills north of Wandering River. He has just finished checking out the lumbering mills.

Mr. Joe and Wm. Duigou have recently purchased purebred and registered cattle from Edmonton.

The Allis-Chalmers show March 28 was well attended. The first prize, which was \$50 on the purchase of some machine, was won by Mr. Ross Dakin. Second prize by Joe Dakin, and third by Miss F. Black from Donatville.

Mr. V. Genoud returned April 3 from a week at the Allis-Chalmers school in Edmonton.

Mr. R. Matheson has returned from a trip to B.C. His wife is expected to join him here next week. She is now at her parents' place at Chipman.

Mr. C. Bauer is sub-agent for I.H.C. machinery. He has a new display of machinery beside his store.

Mr. Presber, Mr. Oscar Dakin and wife spent the week-end in Edmonton on business. They all returned April 4.

Mr. John Kochan will soon begin showing movies in Atmore and surrounding district. He, his wife and son will spend the Easter holidays in Edmonton.

Miss J. Duperron, who is now working in the Atmore Hotel, will spend the Easter season at her home in Wandering River.

Mr. B. Beaudry has his truck "tied up" in the bush because of road bans. He is expecting to start hauling lumber as soon as the roads dry up.

Mr. L. Bouvier is again working at the Atmore Hotel. This time he is remodeling the Coffee Shop.

Mr. and Mrs. Lambert and daughter will be new residents in Atmore April 6. Mr. Lambert will be employed in the hotel bar while Mrs. Lambert will work in the Atmore Coffee Shop.

FRAINS NEWS BRIEFS

Edwin Budney has been in the Lac la Biche Hospital for the past week. All wish a speedy recovery for you, Edwin.

A number of people went to Boyle on Wednesday, April 2, to see the chiropractor.

Boris Soshmariuk is flashing around with 1952 Chevrolet car. Raymond Kolack was at Lac la Biche last Saturday seeing the doctor.

A dance will be held at Frains Community Hall on April 21. On March 31 a Russian show

was shown at Frains Community Hall. There was a large attendance.

Mr. Soloski is in Edmonton on a business trip.

Girls' Club Organizes Garden Club

CRAIGEND — The Craigend girls have organized a garden club under the leadership of Mrs. E. Mackowichuk. At present there are 12 active members and if anyone wishes to join will they please attend the meeting on April 23. Miss Andreassen, Home Economist, will be the guest speaker. Their executive is as follows: Tillie Panchuk, president; Evelyn Keyschanko, vice-president; Denise Gervais, secretary.

LAC LA BICHE NEWS BRIEFS

Mr. and Mrs. Elmer Plamondon, Mr. and Mrs. Thibert Plamondon and Mrs. Harold Belanger were all business visitors to Edmonton last week.

Mrs. Frederick Plamondon has returned home. Mrs. Plamondon recently spent several days in Lac la Biche Hospital for surgical treatment.

Miss Jean Wilson, B.Sc. student at the University of Alberta, is staying with Mrs. C. J. Somerville, the district nurse. Miss Wilson is taking her field training in district work.

Mr. Valmore Plamondon made a business trip to Edmonton.

Mr. R. E. Piquette also made a business trip to Edmonton.

Mrs. Paul Germaine is visiting with her parents, Mr. and Mrs. Frederick Plamondon.

Mr. and Mrs. Paul Bosse of Calgary visited with Paul's parents, Mr. and Mrs. Adolph Bosse. Clifford Gagnon, Jr., has re-

CRAIGEND NEWS BRIEFS

A surprise party was held for Miss Jean Noviski on March 29 on her 21st birthday. Jean received many lovely presents and everyone had a wonderful time. During the evening several games were played and a delicious lunch was served.

On March 30 a surprise birthday party was held for Mrs. J. Beniuk on her 52nd birthday. She received many gifts along with a beautiful dinner set from the community.

On March 27 the farmers held a Bull meeting at the home of Mr. and Mrs. John Salahub. A new executive was chosen as follows: President; Narcisse Mouille (Jr.); secretary, Alex Salahub; Director, John Salahub; Caretaker of Bull, Fred Pruden.

On March 12 the annual school board meeting was held. Mr. Bill Ungeran became chairman; trustees, Stanley Panchuk and Robert

turned from the lumber camp at Whitecourt, Alberta.

Mrs. C. J. Somerville, the local district nurse, will be in Edmonton attending the Spring Refresher Course and will be absent from Good Friday to the end of the following week.

YOUNG MEN AND WOMEN

Did you know that thousands of young men and women from farms, towns and cities across Canada are now taking complete trade training in the Royal Canadian Air Force while receiving equivalent to \$160.00 per month? YOU CAN DO THIS! Men can train as Radio Technicians, Electrical Technicians, Metal Workers, Accountants, Aero Engine Technicians, Security Operators and many others. WOMEN can train as Radio Operators, Teletype Operators, Photographers, Stenographers, Accountants, Medical Assistants and many others. Men must be 17 to 39 years of age with Grade 8 education. Women must be 18 to 29 years of age with Grade 10 education. You can make a career of the R.C.A.F. or, if you decide to leave the Air Force after a brief period of service, you will be fully prepared to start at a tradesman's salary anywhere. THINK IT OVER! In these times you must have a trade or profession to demand high wages.

NOTE: Young Men 18 to 24 years of age with junior matriculation can train as pilots, navigators or radio officers while receiving over \$250.00 per month.

Send the attached coupon to the R.C.A.F. Recruiting Unit, 9921 101A Avenue, Edmonton—NOW—for full information. You are not obligated in any way.

Quota Of \$125 Will Be Reached

HYLO—Contributions are continuing to roll in to Hylo and district campaign offices, according to Mr. Peter Tymchuk, chairman of the local Red Cross Campaign. Quota for this area is set at \$125 and the campaign will continue until the quota is reached.

With a Provincial quota of \$400,000 and Red Cross pledged to spend \$600,000 in Alberta in 1952, curtailment of Red Cross services would follow should the Provincial Campaign fall short. Included in the \$600,000 is the nationally-sponsored Blood Transfusion Service and a capital expenditure of \$92,000 for a new Clinic Building in Edmonton. At the present time, Red Cross offices in Edmonton are scattered throughout the city.

No phase of the Red Cross program can safely be allowed to lapse. The Blood Transfusion Service, work for crippled children, swimming and water safety, Junior Red Cross, disaster relief, civilian defence and work for civilian war refugees must continue.

"Because Red Cross services are so necessary to our well-being, we must reach our quota," said Mr. Tymchuk.

"If you have not already given your contribution to Red Cross, then please do so immediately, to

ensure that 'the work of mercy never ends'."

We are holding a Leap Year dance in the Hylo Hall on Easter Monday (April 14). All proceeds will help reach the quota.

Your co-operation in supporting such a worthy cause will be appreciated.

Weather Report

LAC LA BICHE—Lac la Biche weather report for week ending April 4:

Precipitation 0.7.

March	Min.	Max.
28	32.5	49.1
29	25.1	39.3
30	14.9	33.5
31	24.7	40.4
April	Min.	Max.
1	17.2	38.8
2	23.1	44.5
3	32.0	41.8
4	26.6	37.2

Imagine getting into the Leap Year business at the age of 73. Mary Jackson Taylor and Henry Charles Reynolds, 74, were recently married in Winnipeg.

Mr. and Mrs. Reynolds met at a social club in Winnipeg. Mrs. Reynolds admitted that she had "popped the question."

GRASSLAND NEWS BRIEFS

Miss Mary Storniak, who has recently become engaged, is home after some time spent working in Edmonton.

Sam Storniak returned home after three days' visit in the city.

Mrs. Corse expects to return home next week after a month in an Edmonton hospital.

Mrs. Keith MacDonald and family are back at the farm.

Mr. McNeil, the school principal, is driving his car again; said car being laid up for repairs most of the winter.

Nick Fedorchuk is at home with a mild attack of pneumonia. A large number of Grasslanders

attended the Ukrainian Concert at chuk's. Mike was unable to get Spruce Valley on Saturday, and threshed last fall, and has been working in Edmonton.

Miss Sorensen, district nurse, is being kept exceedingly busy.

Ted Leshchyshyn has had a phone installed in his house.

In the next provincial election Grassland will probably have a candidate for nomination on the Social Credit ticket in the person of D. S. Semeniuk.

At the annual meeting of the Grassland Community League, Mr. Alec Hala, Jr., was elected secretary-treasurer. Mr. Ira McKenzie will continue as president.

Mike Missa has been around the hamlet lately, visiting at Semen-

YOU CAN DO THIS! Men can train as Radio Technicians, Electrical Technicians, Metal Workers, Accountants, Aero Engine Technicians, Security Operations and many others. WOMEN can train as Radio Operators, Teletype Operators, Photographers, Stenographers, Accountants, Medical Assistants and many others. Men must be 17 to 39 years of age with Grade 8 education. Women must be 18 to 29 years of age with Grade 10 education. You can make a career of the R.C.A.F. or, if you decide to leave the Air Force after a brief period of service, you will be fully prepared to start at a tradesman's salary anywhere. THINK IT OVER! In these times you must have a trade or profession to demand high wages.

NOTE: Young Men 18 to 24 years of age with junior matriculation can train as pilots, navigators or radio officers while receiving over \$250.00 per month.

Send the attached coupon to the R.C.A.F. Recruiting Unit, 9921 101A Avenue, Edmonton—NOW—for full information. You are not obligated in any way.

Quota Of \$125 Will Be Reached

HYLO—Contributions are continuing to roll in to Hylo and district campaign offices, according to Mr. Peter Tymchuk, chairman of the local Red Cross Campaign.

Quota for this area is set at \$125 and the campaign will continue until the quota is reached.

With a Provincial quota of \$400,000 and Red Cross pledged to spend \$600,000 in Alberta in 1952, curtailment of Red Cross services would follow should the Provincial Campaign fall short. Included in the \$600,000 is the nationally-sponsored Blood Transfusion Service and a capital expenditure of \$92,000 for a new Clinic Building in Edmonton. At the present time, Red Cross offices in Edmonton are scattered throughout the city.

No phase of the Red Cross program can safely be allowed to lapse. The Blood Transfusion Service, work for crippled children, swimming and water safety, Junior Red Cross, disaster relief, civilian defence and work for civilian war refugees must continue.

"Because Red Cross services are so necessary to our well-being, we must reach our quota," said Mr. Tymchuk.

"If you have not already given your contribution to Red Cross, then please do so immediately, to

ensure that 'the work of mercy never ends'."

We are holding a Leap Year dance in the Hylo Hall on Easter Monday (April 14). All proceeds will help reach the quota.

Your co-operation in supporting such a worthy cause will be appreciated.

GRASSLAND NEWS BRIEFS

Miss Mary Storniak, who has recently become engaged, is home after some time spent working in Edmonton.

Sam Storniak returned home after three days' visit in the city.

Mrs. Corse expects to return home next week after a month in an Edmonton hospital.

Mrs. Keith MacDonald and family are back at the farm.

Mr. McNeil, the school principal, is driving his car again; said car being laid up for repairs most of the winter.

Nick Fedorchuk is at home with a mild attack of pneumonia. A large number of Grasslanders

attended the Ukrainian Concert at chuk's. Mike was unable to get Spruce Valley on Saturday, and threshed last fall, and has been report a very good show.

Miss Sorensen, district nurse, is being kept exceedingly busy.

Ted Leshchysyn has had a phone installed in his house.

In the next provincial election Grassland will probably have a candidate for nomination on the Social Credit ticket in the person of D. S. Semeniuk.

At the annual meeting of the Grassland Community League, Mr. Alec Hala, Jr., was elected secretary-treasurer. Mr. Ira McKenzie will continue as president.

Mike Missa has been around the hamlet lately, visiting at Semen-

WANTED a new kind of CRUSADER

... to help fight the strangest, strongest foe the world has ever known ... CANCER

Cancer that will kill 2 million living Canadians unless it is controlled.

Cancer that will cause untold suffering and anguish ... unless it is checked.

This crusader's name? It could easily be your own. You see he is any generous person, fighting cancer by giving freely to the Canadian Cancer Society's Cancer Crusade.

- He believes the light in the "lab" must not be extinguished.
- He believes his fellows must learn to recognize the symptoms of cancer and the need for early diagnosis.
- He believes more doctors, nurses and research scientists must be trained to carry on the fight so well begun.

Will you be that kind of crusader? Will you help us fight cancer? Remember ... a victory now may mean protection for you later.

Without your support we may be defeated. With it, there is nothing we cannot do. Won't you help us by doing all you can in this great crusade?

SUPPORT ALBERTA'S \$175,000 CRUSADE

Give generously when the local canvasser calls or send your contribution direct to Canadian Cancer Society, 513 - 8th Avenue West, Calgary

PLAMONDON, Alberta

Kerry Wood, Alberta Author, Releases New Book On Preservation Of Wild Life

Every community should set aside a beauty spot as a wildlife preserve, according to Kerry Wood of Red Deer. This Alberta naturalist makes a strong plea for the idea in a new nature book which he has just published.

In the pages of "The Sanctuary," you will read about the history of an attractive strip of wilderness, preserved in all its natural beauty by a pioneer farmer since homestead days of 1885 until finally given government protection today as a bird and animal sanctuary. The book contains a fascinating account of Indian lore, besides giving first hand observations of plant and animal and insect life encountered while visiting the refuge. The whole story presented in an entertaining and sometimes hilarious human-interest style of writing that will appeal to young and old alike. But in the final chapter, Mr. Wood sums up his basic theme: that every city, town, or rural district of Western Canada should preserve in sanctuary form one or more of its finest beauty spots before it is too late.

Here's what Mr. W. B. Dawe, Assistant Principal of the well known Composite High School of Red Deer, writes about the new book:

The eager run of youth, the firm tread of manhood, the dignified gait of middle life, and the slow

steps of age have all known The Sanctuary paths. In this unspoiled bit of wilderness one meets a blind doe, a friendly Indian, and a furtive mink. There is a description of the development of a refuge and, unconsciously a revealing account of a boy's growth from callow youth to mature manhood. The subtle influence of a contact with nature moulds the lad's character and even his habits of thought.

Graphic and accurate descriptions of little-known aspects of nature, (for example, the marsh hawks transferring food in mid-air, make even the city dweller realize the world of wonders awaiting

250,000 Canadians Get Free Blood Transfusions

TORONTO—More than a quarter of a million Canadians have received free blood or plasma transfusions through the Canadian Red Cross free national Blood Transfusion Service, Vernon C. Hale, national chairman of the Blood Donor committee, announced on the eve of the Society's annual national appeal for \$5,222,000.

"In cold dollars and cents our service has saved Canadians, in the former cost of medical care alone, a sum far greater than the total amount we are campaigning for to cover all Red Cross services this year," the chairman declared. "But it is in the contribution to suffering humanity and in the saving of human lives that our real progress can be measured."

A total of 282,136 patients in Canada have received free transfusions since the start of the service in 1947, and a total of 648,790 bottles have been donated by the public in the same period.

In 1951, when the service had grown to include eight provinces, although only portions of Ontario and Quebec, 110,136 patients received transfusions and 263,000 bottles of blood were collected. With the opening of a depot in Saskatchewan this year, the service will operate in all provinces except Newfoundland.

In addition to the civilian service, the government has made Red Cross the sole agency for the procurement of blood and blood products, including plasma, for the fighting men of Canada at home and abroad. More than 6,000 bottles of plasma have already been delivered to the Department of National Defence under this agreement.

Love Conquers All

GRAND RAPIDS, Mich.—Mrs. Della Skinner, 71-year-old widow who advertised for a job as housekeeper, found a husband, John T. Hiler, widower, who is still a travelling salesman at 80, hired her. She had worked for him only five days when he proposed marriage. The wedding followed within a few days. Hiler intends to employ a maid for his bride.

ing so near at hand. The plea for conservation takes on a new meaning after one reads Kerry Wood's book.

The author obtains his title from a 230-acre preserve for wildlife, but I think he has a deeper meaning: Save a piece of "unimproved" wilderness not only as a haven for birds and animals, but also as a sanctuary for man, where for at least a brief time he can forget the battering and bewildering forces of the modern world, and in spirit come closer to old Earth, the great mother of us all.

"The Sanctuary" is amusingly illustrated with cartoon-like drawings which will delight the younger readers. You may get autographed copies direct from the author, Kerry Wood of Red Deer, Alta. The book totals 106 pages, 28 illustrations, and is priced at \$1.50 post-paid.

Beautiful Baby

THE DARLING of the Chalifoux household, in Morinville, is seven-months-old Pauline, daughter of Mr. and Mrs. Louis Chalifoux.

An Ancient Disease

Foot and mouth disease (a virus named Aphpha Epizootica) a virulent contagious and apparently incurable malady of animals, has for the first time in history struck in Canada. This disease was known to the ancients and no doubt ravaged the herds and flocks of old. The Bible—Exodus 9:3 says 'Behold the hand of the Lord is upon the cattle—there shall be a very grievous murrain.' (Murrain is an ancient word for an infectious disease of cattle.

Virgil, an ancient Roman writer on agriculture, tells us: "A grievous epidemic fell, every tribe of cattle and wild thing was given to death—the ox groaning out his life while bloody foam falls from out his mouth—medicine men give up the fight—until men learn to bury them (the cattle) in pits and earth them over."

Since the 17th Century the foot and mouth disease has ravaged all European countries including Britain. Epidemics have occurred from time to time in Mexico, the United States, Australia and Asia. The disease begins suddenly and spreads very rapidly. Animals suffer and do not put on weight. The flow of milk greatly decreases. Quick isolation and the slaughtering of animals, the burning of bedding and the disinfection of barns, pens and indeed of the whole farm, has so far been the only remedy.

Support Growing For Floor Prices

Recently mass meetings of farmers have been held under the auspices of the Farmers' Union of Alberta at a large number of Alberta points. These meetings have been held to discuss the livestock marketing crisis arising from the inter-provincial embargoes, and other farm problems. At all of these meetings, resolutions have been passed urging immediate action by the Federal authorities to implement floor prices of \$28.50 on top steers and \$25.00 on fat lambs, basis Alberta points. Also that the Federal Government act at once to end the present illegal and indefensible interprovincial embargoes.

Another resolution passed, calls for the establishment of the floor price of \$25.00 on hogs to be made uniform across Canada.

Other points discussed have been the renewal of the International Wheat Agreement and the Domestic price of Wheat. On the IWA there is general agreement that if it is to be extended, a much higher floor and ceiling price must be insisted upon with provision for revision from year to year. On the domestic price of wheat in Canada, there is general insistence that this shall be completely separated from the export price, and based upon costs of production within Canada.

These demands were pressed upon the Federal Government by a delegation from the three Western Farm Unions which interviewed Hon. C. D. Howe, Hon. Mr. Gardiner and several other ministers, at Ottawa.

EGG LAKE NEWS

Spring is around the corner, and the boys are coming back to get ready for spring work. Charles Girard is back from camp. Albert Girard is still at Waterways, but will be back in a couple of weeks. Albert L'Heureux and Gerald Amiot are back from fishing; Harold Olson, who has work-

ed for the Hieland Exploration for the last three years, is home during road ban. He will work for the Western Geophysical Co. when he goes back to work.

Mrs. H. J. Roy has sold her farm to Mr. Robert St. Jean.

It is hoped roads will dry sooner this year, as machines for removing the snow from the roads have

been in operation for the first time in this district.

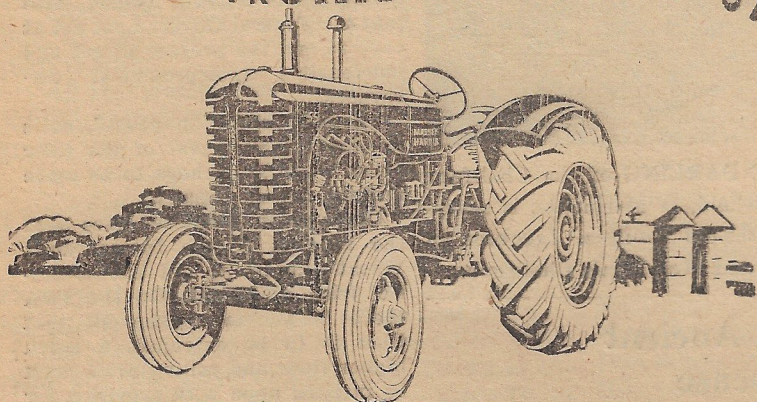

Mrs. A. L. L'Heureux spent a few days in Plamondon and Lac

la Biche, visiting friends and relatives.
